STOMACHS ON STILTS.

The man who puts on stilts does not increase his actual stature. He only feels taller. Stimulants are the stilts of the stomach. They make a man feel better for the time being, but he feels a great deal worse for them afterward.

The need of the man whose stomach is "weak" is not stimulation but strength. Dr. Pierce's Golden Medical Discovery perfectly answers that need. It contains no alcohol or whisky. It cures the weak, foul stomach with its attendant bad smelling breath, coated tongue, bad taste, poor appetite and kindred symptoms.

"In the year 1899 I had an attack of indigestion and got so bad that my home doctor said he could not do me any good," writes Mr. G. Trent, of Gordonville, Texas. "I wrote to you and you advised me to use Dr. Pierce's Golden Medical Discovery, so I bought six bottles, and when I commenced using it I was so weak could hardly walk about the house. By the time I had used one bottle my stomach and bowels commenced to heal. There were strips of the lining of my stomach or bowels (I don't know which) as large as a man's two fingers passed and I had a good deal of misery in my stomach and bowels, and also in the rectum especially. I could not eat anything without having much distress afterward, but by the time I had taken eight bottles of the 'Golden Medical Discovery' I was sound and well, and could eat anything I pleased without suffering in the least. Could also do as much work in a day as I ever could. I have not suffered from the trouble since, and it was four years ago that I was so sick."

The sole motive for substitution is to permit the dealer to make a little more profit. He gains; you lose. Accept no substitute for "Golden Medical Discovery."

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets.

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

Digests What You Eat

Dollar bottle holds 2½ times as much as the trial, or 50 cent size.

Wild Man in Lighthouse.

Stratford Shoals light and perhaps the big Long Island steamers which are guided by it were saved last week through the heroic struggle which the keeper of the light, Merrill Hulse, made for seven days against an insane man, marooned alone with the keeper and determined to extinguish the light. The madman was Hulse's brother keeper, Julius Coster, who went crazy and tried to destroy the light. In attempts to get at the light, Coster wanted to kill Hulse. The lighthouse is situated on Long Island, midway between Bridgeport and Port Jefferson. Hulse had no warning that he was living with an insane man until one day Coster attacked him with a weapon made of a razor attached to the end of a long pole. The keeper overpowered Coster, who repeatedly afterward during the first two days of his companion's madness was forced to fight for his own life. Then Coster's mania took a new turn, and one afternoon Hulse found him with a hammer and chisel trying to cut away the walls of the lighthouse. That night the light suddenly stopped revolving, and its keeper ran to the lamproom, to find Coster with an axe about to destroy the lenses. He fought his way into the room and saved the light, but from that time on for fully five days, doing two men's work, the brave keeper was forced both to guard the lenses day and night and to fight many times for his own life, and finally toward the end of this period another burden was laid on him. As Coster's delirium wore off, he became desirous of committing suicide, so that when removed from the lighthouse he bore self-inflicted gashes all over his neck, which only Hulse's faithful watchfulness had kept from becoming fatal. He was taken to a hospital.

Assaulted by Tramp.

In the absence of her parents Miss Cora Alexander, 22 years old, daughter of Mr. James Alexander, who lives near Loch Raven, Baltimore county, Md., was feloniously assaulted at her home yesterday morning by an unknown man, who afterward escaped. Fearful that the miscreant would return, the girl locked herself in the house, where for seven hours she remained, until her father and mother returned.

Mr. Alexander, who is foreman on the county roads, was at work, while his wife and the other members of his family were absent on a visit. It was upon her return from a spring, 50 yards from the house, whither she had gone for water, that Miss Alexander was attacked. Upon entering the house, which she thought unoccupied, except by herself, she was confronted by a man, who had been concealed behind the door. Without a word indicative of his intention, the man grasped the girl by the throat. After the assault the fellow departed hastily in the direction of Lock Raven.

In terror Miss Alexander dragged herself to her feet and locked the doors opening from the first floor. She then locked the other doors in the house, and entering one of the rooms, bolted that also. From the time of the assault until her mother and father appeared, about 5 o'clock in the afternoon, she remained a prisoner in her own house.

When her parents learned of the crime efforts were at once made to discover the perpetrator, but owing to the lateness of the hour nothing was accomplished. The assailant is supposed to be a tramp.

Disorders in Poland.

The police of Warsaw, Poland, were busy yesterday afternoon filling the jails with Jewish socialists. They captured 250 armed with revolvers and daggers in a synagogue. Fifteen others were arrested by the patrol after an exchange of shots. A bomb was discovered in the street yesterday morning, and three policemen were shot. There also were disturbances in the surrounding district. Gangs of revolutionists, armed with revolvers and bombs, attacked the government treasuries in the three district towns of Opatow, Lubartow, and Wengrow, resulting in stiff fighting with the police, several of whom were killed or wounded. Peasants destroyed the palace of Count Krasinski at Tykociu, near Byelostok.

A thousand socialists, who were holding a meeting in a forest near Lodz yesterday, were surrounded by soldiers. The majority of the socialists were arrested and many were wounded while trying to escape.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the oldfashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in in case of cholera infantum. For sale by Gibson & Timberman and W. F. Creighton & Co

A WOMAN'S ORDEAL

DREADS DOCTOR'S QUESTIONS

Thousands Write to Mrs. Pinkham, Lynn, Mass., and Receive Valuable Advice Absolutely Confidential and Free

There can be no more terrible ordeal to a delicate, sensitive, refined woman than to be obliged to answer certain questions in regard to her private ills, even when those questions are asked by her family physician, and many

continue to suffer rather than submit to examinations which so many physicians propose in order to intelligently treat the disease; and this is the reason why so many physicians fail to cure female disease.

This is also the reason why thousands upon thousands of women are corresponding with Mrs. Pinkham, at Lynn, Mass. To her they can confide every detail of their illness, and from her great knowledge, obtained from years of experience in treating female ills, Mrs. Pinkham can advise women more wisely than the local physician.

Read how Mrs. Pinkham helped Mrs. T. C. Willadsen, of Manning, Ia. She writes:

Dear Mrs. Pinkham:—

"I can truly say that you have saved my life, and I cannot express my gratitude in words. Before I wrote to you telling you how I felt, I had doctored for over two years steady, and spent lots of money in medicines besides, but it all failed to do me any good. I had female trouble and would daily have fainting spells, backache, bearing-down pains, and my monthly periods were very irregular and finally ceased. I wrote to you for your advice and received a letter full of instructions just what to do, and also commenced to take Lydia E. Pinkham's Vegetable Compound, and I have been restored to perfect health. Had it not been for you I would have been in my grave to-day."

Mountains of proof establish the fact that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for restoring women's health.

A Virginian's Experience.

William Sidney Shacklette, of Delaplane, Fauquier county, the young hospital steward who was so severely injured in the Bennington disaster, is expected at his home as soon as he is able to make the trip. The following is an extract from a letter just received by his mother:

"About 10:30 o'clock I was standing on the after ladder when suddenly there came a muffled explosion, and fire, ashes and steam came rushing from the alleyways. I succeeded in reaching the top of the ladder safely, but hearing the pitiful cries of some comrades I turned back and assisted one of them up the ladder, when a piece of iron struck me on the head and knocked me down. My foot was caught in the man-rope and I was held a prisoner for a short time. It seemed an eternity, but keeping my coat over my face—thereby, I believe, saving my life—I finally succeeded in loosening my foot, climbed the ladder and was assisted over the side into a launch and brought ashore. Scores of men in the water, fearfully scalded; others drowning crying piteously for help, others screaming on the deck of the ship, the scalding steam pouring over them mercilessly, made a scene that eternity alone will blot from my memory. Sixty-five have now passed into the great beyond."

Agonizing Burns

are instantly relieved, and perfectly healed by Bucklen's Arnica Salve. C. Rivenbark, jr., of Norfolk, Va., writes: "I burnt my knee dreadfully; that it blistered all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores, 25c at E. S. Leadbeater & Sons druggists.

Alexandria Gazette AND VIRGINIA ADVERTISER

FRIDAY EVENING, AUG. 11, 1905.

FRIENDS OF Gov. Montague, who, however, are not his supporters as against Senator Martin, believed him to be a resourceful man and one with much broader ideas than his speeches in this campaigh have shown him to have. With all the important questions now before the public he makes "Martin" the theme of all his discussions, and speaks as though the State will be lost if he (the governor) is not sent to the Senate. In his speech at Pulaski on Tuesday before a small audience he said:

"I want to make this fight in the open and public highways. I want no election by a midnight caucus, such as chose the junior Senator over such men as Hunton and Lee. The action of the legislature was purchased by money furnished by the railroads. If you vote for Martin now you will vote to approve the action of that legislature twelve years ago. The legislatures simply register the will of special privileges. The day may not be far distant when an individual cannot own property, but will simply have a certificate from some corporation. Martin controls the legislature of Virginia. If you want to be a judge, if you desire a place on an important committee, you must be for Martin, or you can't get it."

Such speeches before intelligent audiences have a contrary effect to that intended.

THE VIRGINIA republicans are slick politicians and having snubbed the negroes before the State convention will now try to get them in line again, as the following dispatch from Roanoke will show:

The Negro Republican Association of Virginia was organized in the colored Presbyterian Church in this city Wednesday. A State committee composed of one member from each district was elected. The object of the association is to work solely among the colored voters of the State in the interest of the republican ticket, and it has the approval of the State organization. This plan of handling the negro vote had not been generally anticipated.

The republicans act on the theory that they can treat the negroes as they please and still control their votes, and as a rule they are right.

THE following from the Richmond Times-Dispatch is significant as the policy of the papers in that city has been to make it appear that Gov. Montague has a walk over in the senatorial race.

A strenuous fight is being waged by the adherents of Messrs. Martin and Montague to carry Richmond. For a long time the supporters of the Governor have been serenely confident of carrying the city by a handsome majority, but recently the quiet activity of Senator Martin's supporters in the city have aroused the Governor's friends, and they are awake to the situation. Some of them now concede that the Governor's majority will not be large and some even express a fear that he will not get a majority of the votes polled on the 22d.

CAPT. J. E. B. STUART returned to Newport News yesterday from Roanoke, where he attended the republican convention, and when seen by a newspaper reporter stated that the South deserved to be given the vice presidential candidate for the party. When asked if he would accept the nomination for the office he replied: "Well, I would not object to it, and if the party sees fit to honor me by conferring the nomination upon me, I could do nothing but accept." Well, it does not take much for some people to spring into notoriety, but the question might well be asked if Mr. Stuart had been named Brown would he ever have been heard of?

MAYOR WEAVER, while in Wilkesbarre, Pa., last night was assured of the fact that in the warfare to drive the grafters out of Philadelphia he has the heartiest wishes of President Roosevelt for his entire success. This assurance was given by the President personally to Mayor Weaver. To most people it would appear that Mr. Roosevelt has his hands full in looking after the government grafters without going to Pennsylvania to look after those in that State. Mr. Roosevelt is believed to be an honest man, but certain it is that graft has flourished under his administration more than during any other period in the country's history.

THE EXODUS from the city continues, and men and women, young and old, rich and poor are hieing themselves to the mountains or seashore to enjoy a "vacation." Many leave good and well ventilated rooms, comfortable beds, and the fresh vegetables and fruits now brought daily to this city in order to follow the fashion of being away from home in the summer, though they have to endure the discomforts of stuffy little sleeping rooms and in many instances be content with canned food and that poorly served. Experience is a hard master, but possibly many of the "tourists" when they return will be better satisfied with their homes.

THE GOVERNMENT crop report for August was considered in Wall street yesterday as indicating bumper crops and consequent good times. Officials of the railroads and steamship lines expressed the greatest satisfaction with the report and said that it would mean an immense increase in business for them. It is hoped that this will not be at the expense of the farmers.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., August 11.

Postmaster General Cortelyou before his departure early in the week for his vacation issued an announcement that his department would not be converted into a collection agency. He followed the example set by Secretary of the Navy Bonaparte a few days ago. Mr. Cortelyou, however, says that he will not harbor anyone who contracts a debt on the strength of his official position and then without sufficient excuse neglects to make payment. Creditors and collectors will not be permitted to see employees during business hours, but when complaint of non-payment is made, the employee will be asked to report about the matter.

An interesting bebate over the question of regulation of rates by the government is announced to take place next week before the Chautauqua Assembly at Clarinda, Iowa, between Governor Cummins, of that State, and Hon. Daniel Davenport, of Bridgeport, Conn. Governor Cummins will support the affirmative, while Mr. Davenport will represent the opposition from the standpoint of the small investor in railway stocks and bonds. Both Messrs. Cummins and Davenport appeared before the Senate committee on interstate commerce last winter and the testimony of the former was so strong in behalf of the proposed legislation that the demand for printed copies could not be supplied.

Luther B. Dow, general manager of the American association of masters and pilots of steam vessels, held a conference this morning with Acting Secretary Murray of the Department of Commerce and Labor in regard to having Congress enact laws bringing naptha launches and other pleasure crafts under steamboat inspection. Efforts of the association to have life preservers installed on the small crafts in the vicinity of New York and other precautions taken have met with failure because the vessels were under the fifteen tons limit. It is is understood that the department views with favor the movement to extend the inspection to the smaller vessels.

Regulations governing the installation and operation of mailing schutes in public buildings, hotels and office buildings have been approved by the Postmaster General upon the recommendation of a commission appointed to consider the subject. Although in use for twenty years, no regulations had been adopted in regard to their establishment or operation. According to the regulations the buildings in which the chutes are located must be five stories high, if a hotel; four, if a business or office structure; and contain fifty residential apartments, if an apartment house.

A blow to Standard Oil interests has been dealt by the Louisville and Nashville and the Illinois Central Railroads. They have issued new tariffs reducing the rates on oil from New Orleans to northern points to the same figure enjoyed by the shippers from northern points to New Orleans. The information was officially submitted to the Interstate Commerce Commission today, before whom is pending the complaint of the Gulf Refining Company of Texas against several railroads. The complaint avers that the rates maintained are for the benefit of the Standard Oil Company. The tariff as changed by the Illinois Central and the Louisville and Nashville, it is believed, will satisfy the complaint and there is a prospect that the complaint will be dropped.

Guy Miller, assistant clerk in charge of a local postoffice sub-station, was held by U. S. Commissioner Taylor this morning under $2,000 bonds for his appearance before the grand jury to answer to charges of embezzling $236.50 from the money fund and $218.78 from the postal fund. Miller's defense was that he had not planned to defraud the government, but was careless in keeping his books.

The death of Rear Admiral Andrew E. K. Benham, retired, at Lake Mahopac, N. Y., this morning, was reported to the Navy Department today. Admiral Benham was distinguished in the service, the active period of his duty having covered forty seven years. He was retired while in command of the South Atlantic station April 10, 1894. During the Spanish war, Admiral Benham acted as prize commissioner for the district of Georgia. Later he served on the Schley court of inquiry. The deceased admiral's best known act in recent years occurred during the Brazilian rebellion in the early nineties, when during the rebel blocade of Rio Janiero, he escorted an American merchantman into the harbor and when threatened by the rebel ships fired a shot across their bows. He and the merchantman were not further molested. It is said that orders of censure prepared by the Navy Department were forestalled by the outburst of popular approval which followed the incident. Admiral Benham was born in Richmond County, New York, April 10, 1832.

Arrested at Husband's Grave.

When the grave of State Senator Cobb, who was shot to death on the veranda of his home, at Royston, Ga., about 12 o'clock Tuesday night, had been filled yesterday afternoon, an officer stepped up and placed Mrs. Cobb under arrest. Mrs. Cobb admits that she killed her husband, alleging that she took him for a burglar, but circumstances cast doubt on her statement. Mrs. Cobb says she was awakened by a noise at the window, and saw a man. Thinking the man was a robber, she seized the pistol from under her pillow and fired twice. The man fell, and then, she says, she learned she had killed her husband. She also added that her husband was a somnambulist and was probably walking in his sleep. It developed yesterday, however, that Cobb had been warned to watch his home. The Senator left town, ostensibly to go to Atlanta, but returned at night to watch. There was a male visitor and the killing of the husband followed. This is the theory of the State, but the name of the visitor to Senator Cobb's home has not been divulged. Mrs. Cobb is a very beautiful woman, and there has been gossip about her for some time. She stoutly insists that she killed her husband, and was alone in the house at the time of the tragedy.

Robert F. Huston, a clerk at the United States mint, at Philadelphia, commited suicide by hanging himself in the cellar of his house last evening.

News of the Day.

Prof. Willis B. Moore, chief of the Weather Bureau, has issued a statement denying that there is either graft or extravagance in the administration of the bureau.

Word has been received of the death at St. Paul, Minn., of Rev. Dr. Charles D. Andrews, who was rector fourteen years of Christ P. E. Church, G street southeast, Washington. Since 1888 he had been rector of Christ Church, St. Paul.

The Japanese Imperial Navy Department has announced the successful floating of the cruiser Varaig. The Russian cruiser Variag and the Russian gunboat Korietz were sunk by the Japanese in the harbor of Chemulpo on February 9, 1904. The Variag was built at Philadelphia about three years ago.

Midshipman Robert Allen Jackson, of the battleship Missouri, who had remained away from his ship without leave of absence since July 29th, and who was located in Quebec by his father, D. N. Jackson, of Petersburg, Va., returned to Bar Harbor last night alone, and went aboard a ship which sailed at dawn for Portland, Me.

In view of the prospect of a disastrous result to American manufacturers on account of the Chinese boycott, and equal if not greater losses through the decision of the German government to end the tariff arrangement under which the United States and Germany now operate, President Roosevelt has partially decided to negotiate a treaty of amity and commerce with Germany and present it to the Senate at the next session for ratification.

JAPAN'S TERMS.

Japan yesterday, as stated in the Gazette of that day, submitted her terms to Russia, but their nature was not disclosed. It is said, however, they require a cession of territory and an indemnity, the Eastern Chinese Railway possibly serving as the latter. Russia probably will object to both cession and indemnity, but, according to a Japanese, she will be forced to grant both. It is thought Japan's aim is to make her mistress of the far East. According to St. Petersburg advices M. Witte is willing to concede the surrender of the Eastern Chinese Railway between Harbin and Port Arthur and to satisfy the fiancial demands of Japan, if reasonable, provided Russia be permitted to retain Sakhalin Island.

A dispatch from Portsmouth, N. H., says that the terms are regarded by the Czar's envoys as unnecessarily severe and humilating, but there is yet a lingering hope of a successful termination of the negotiations. More astonishing to the Russians than any other thing in a statement of terms submitted by Baron Komura and Mr. Takahira, was that the Japanese did not ask for any specific indemnity. They do make it plain, however, that they expect to be compensated for the losses incurred by them in their conflict with Russia, which is interpreted in some quarters to mean that the European belligerent is expected to pay in full for the enormous expenditure which Japan has made. But the failure of the Japanese to insist upon the payment of a specific sum holds out a chance of compromise, and the feeling exists among many of the Russian representatives that the conditions admit of discussion. It had been declared by some who claimed to have an inkling of the demands which Japan would make that M. Witte and Baron Rosen would indignantly withdraw from the conference when Baron Komura and Mr. Takahira let it be known what their government desired from Russia in return for an agreement to stop hostilities.

They did nothing of the kind; they acted as courteous gentlemen would act, politely receiving the communication of the Japanese envoys, with the request that they be given time for instructions from the Czar as to their future course of action.

Of course, the request was granted immediately by Japan's ambassadors, and it is probable that there will not be another meeting until Monday at least, thus giving the Russian emissaries reasonable time to transmit the text of the Japanese communication and their own views upon its contents to the government at St. Petersburg and to receive the instructions of their government.

Military.

The men of the Seventieth regiment are making preparations for the coming encampment, to be held at Basic City from the fifteenth of this month to the twenty-second inclusive. The encampment is compulsory for every man, and this has caused some uneasiness in the companies because it will interfere with the vacation of some of the men. The pay will be the regulation sum for duty, which is $1.75 a day for privates and something more for the officers.

The adjutant-general has detailed the staff of the Seventieth Virginia Infantry for duty with the Seventy-second regiment at camp on completion of the term of duty of the Seventieth, August 23, at Basic City. Major C. G. Bossieux, acting adjutant; Captain J. C. Bosher, acting quartermaster; Lieutenant W. E. Thompson, acting commissary of subsistence, with their non-commissioned staff, are the detail. Arrangements for the camp of the Seventieth are about complete and are expected to be finished by Saturday.

Arrangements are being made by the Alexandria Light Infantry for the trip to Basic City. It is expected that the company will have a large numerical strength at the encampment. Maj. James E. King and First Lieut. Avery A. Rittenour, regimental officers, will be with their command at Basic City.

When shown a dispatch in Norfolk yesterday stating that Colonel Higgins had placed under arrest and had publicly reprimanded before the regiment Maj. J. H. Gilkerson, commanding the third battalion of the Seventy-first infantry, the colonel emphatically denied the story. The officers of the regiment, including Major Gilkerson, also entered denials.

Virginia News.

Branch T. Archer, a well-known business man, died at Richmond yesterday evening. He served in the Confederate army until taken prisoner.

Mr. J. D. Eggleston, jr., candidate for the office of Superintendent of Public Instruction, narrowly escaped drowning while bathing at Old Point yesterday.

Jeff B. Groves, of Stafford county, died at his home, near Musselman, yesterday, after an illness of one week of typhoid fever, aged 44 years.

The Richmond grand jury yesterday finished up the work of examining witnesses concerning the recent primary election. The report is expected today, and rumors of important indictments are persistent.

Rev. Dr. Carl E. Grammer, formerly of the Episcopal Seminary, and now rector of Christ Episcopal Church, of Norfolk, has been called to St. Stephen's Church, Philadelphia, and it is believed here that he will accept the call.

Some Richmond people believe that Bishop Van de Vyver of Norfolk will be the successor of Archbishop Chapelle. The bishop is now in Europe. It will be some time before Pope Pius will make an appointment for the archbishopric of New Orleans.

The feature of the closing day of the convention of the Virginia Bar Association at Old Point yesterday was the address of Mr. Hannis Taylor, former Minister to Spain, on "Judge-made-Laws." The convention came to an end with a brilliant banquet at night. The next place of meeting was left to the executive committee. It probably will be Hot Springs.

Hon. Claude A. Swanson, candidate for Governor, spoke yesterday at Leesburg, Sterling and Round Hill, Loudoun county, before large audiences. At Leesburg he reviewed his record in Congress, justified his action in the increase of salaries in various postoffices in his district and advocated the improvement of public highways of the State, the public schools and the maintenance of the Confederate soldiers by State appropriations.

E. D. Walker, a local painter, lodged complaint at police headquarters at Danville, Va., against the religious enthusiasts known as Holy Jumpers, charging that they have beguiled his wife and children into abandoning their home. He alleges that his wife has become a convert to this religion; that she has quit his home and taken their two children with her; that she is harbored by the band, and he is not allowed to see her. He says he intends to institute criminal proceedings against Rev. A. G. Carr, who is the leader of the Holy Jumpers.

CAPT. ROGERS RESIGNS.

A sensation was created in Richmond yesterday, when it became known that Secretary Loeb for President Roosevelt had written to Capt. Asa Rogers, collector of internal revenue, asking for his resignation. The letter was written August 1 and came at a time when the office had recently been inspected and notice published that inspection showed the office to be in the first class as to its condition.

The letter was not answered until yesterday when Captain Rogers placed his resignation in the President's hands by way of the mail. Secretary Shaw was asked concerning the reported resignation while he was visiting the State convention, and expressed both surprise and regret, but said he knew nothing of the matter, showing that the action came direct from the President and not from the department.

It is said that the administration of Col. Rogers has lacked force The resignation, it is said, was requested by President Roosevelt upon the recommendation of Commissioner Yerkes, of the Internal Revenue Bureau. It is stated that there were no charges against Rogers, except that it is alleged his administration was unsatisfactory. The resignation, has been accepted by Secretary Shaw, to take effect at an early day. M. F. Lowry, a prominent republican of Stafford, is slated for the office. He is the choice of Mr. Slemp, and his recommendation will probably be favorably acted upon by the President.

It is said in Richmond that there are or have been many applicants for the place for months past, among them Otis H. Russell, ex-postmaster; Edgar Allan, jr., R. O. Dever, all of Richmond, and others from other cities. Speculation has already begun as to the successorship, but this will depend largely upon the recommendation of Congressional Slemp and the patronage committee.

Mr. Lewis's Resignation.

The Department of Justice, it was learned yesterday, will be reluctant to accept the resignation of Lunsford L. Lewis, as U. S. District Attorney for the Eastern District of Virginia, who was on Wednesday nominated by the republicans for governor of Virginia. In fact the resignation may not be accepted at all. If it is, the acceptance will be a temporary one, and Judge Lewis will be named to succeed himself after he has concluded his campaign for governor unless he should happen to be elected to that office. It is known that the Department of Justice holds a high opinion of Judge Lewis and does not want to part with his services in Virginia. It is quite probable that if the resignation is accepted it will be to take effect just before the election and that no successor will be appointed to fill the vacancy until Mr. Lewis himself is again available. It is stated that District Attorney Lewis has a competent assistant in Robert H. Talley and that Mr. Talley will be able to carry on the work of the office for a few month. Mr. Lewis, it is intimated, is entitled to a vacation with pay, and if he chooses to get out of harness on vacation there will be no objection.

The chances, it is said, favor the acceptance of the resignation, as stated, to take effect some time from now, leaving the vacancy unfilled until after the results of the November election, when Mr. Lewis will be appointed to succeed himself after he is defeated. This arrangement will be entirely one of the Department of Justice, or of Attorney General Moody, as it is understood that the resignation of Mr. Lewis will not have any string to it. In addition to freeing himself of obligations so as to be able to conduct the campaign to suit himself he is carrying out the directions of the President against mixing federal office with politics.

The name of Floyd Hughes, son of the late Judge Hughes, of Norfolk, is mentioned in connection with the plum, though whether he is an avowed candidate for the place is not yet known.

Today's Telegraphic News

The Peace Conference.

Portsmouth, N. H., Aug. 11.—Unless an agreement is reached by the peace envoys the demands of Japan for a settlement of the war in the Orient will not be made public officially. The only exception to this determination will be in the form of a completed treaty. This is due to a tacit understanding between the two governments, entered into previous to the selection of Washington as the meeting place. Russia is manifesting a disposition to take the public into her confidence in this connection, believing that public opinion will force the Japanese to modify their terms. On the other hand the Japanese are disposed to surround the negotiations in mystery, believing that it would be to the best interests of the negotiation parties to be kept in ignorance of the various phases of the interchanges during the conferences. The Mikado's representatives feel that in a matter of such great delicacy and of such great moment to the belligerent governments it would not be conducive to a speedy termination of the questions at issue to make public the exact conditions of peace in view of the possible necessity and desirability of modification of the original.

It was announced this morning that there would be no joint session of the peace envoys today. The Russians will have conferences among themselves in their own apartments during the day.

The expectation now is that the Russian answer to the Japanese demands will be presented to the Japanese envoys tomorrow morning.

Count Witte announced this morning that he expected to hear from the Czar by tonight. The Japanese will be notified at once and a meeting called.

It is understood that there is nothing in the peace terms submitted to Russia by the Japanese yesterday that calls for the disarmament of Vladivostok or its cession to Japan. The island of Sakhalin is considered the key to the naval situation to the sea of Japan by the Mikado. He realizes that lasting peace could not be secured if he insisted upon either.

Portsmouth, N. H., Aug. 11.—Prospects for peace are believed to have become brighter since Japanese conditions have been made known to the Russians. There is a more hopeful feeling apparent around the headquarters of the two missions, and the tenor of expressions, guarded as they are leads to the belief that the Russian envoys have hopes of securing a considerable modification of demands and that they are sincerely desirous of reaching a satisfactory conclusion.

Portsmouth, N. H., Aug. 11.—The Russian envoys are loafing today and the Japanese are working like beavers. The Russians apparently got through with the labors last night and are now awaiting responses and perhaps additional instructions from St. Petersburg.

It is evidently St. Petersburg's next move, although at noon today an unconfirmed rumor had it that the Czar had been heard from and that the Russian reply was ready. Baron Rosen was questioned on the subject, but asked to be excused.

Japanese Aims.

Portsmouth, N. H., Aug. 11.—The next war in the Orient may be between Japan and China. Features of the present peace negotiations show that Japan is looking into the future, carefully weighing its possibilities and probabilities and adroitly making provision for every contingency. That is what the fortification of Port Arthur means. Russia has a lease on Port Arthur, having over 20 more years to run. The transfer of this to Japan is all that Russia could ordinarily be expected to do. But the Czar will be asked to obligate himself not to interfere with the fortification of that peninsular city. In other words, when Japan's forcibly acquired lease expires she expects to have a firmer hold on Port Arthur than Russia did, and she does not want the Czar to be a bidder against her or to interfere in the least with what is intended to be a perpetual holding.

One absolute fruit of the present war is to be Port Arthur, whether there is to be peace or war with Bussia. It is understood that Japan intends to command the Lizo Yang peninsula as absolutely as if it belonged to Russia instead of China. Her present negotiations are largely confined to questions arising through the occupation by Russia of neutral territory. To all intents and purposes she intends to bind Russia to non-interference with her when she is acquiring from China what she has tought Rustor.

The President at Chatauqua.

Chatauqua, N. Y., Aug. 11.—The President and his party reached Chatauqua in a driving rain storm at 8:50 and took carriages to Higgins Hall, where breakfast was served. The young ladies of the department of domestic science cooked the meal and acted as waiters, each dressed in white with a cap fashioned from an American flag. There were 125 guests at breakfast, including the President and his party. Governor Higgins, who with his sister built the hall wherein the breakfast was served, was expected to be present, but was prevented by serious illness of his wife's mother. Bishop Vincent received a telegram from the governor expressing his regrets and conveying a greeting to the President. After breakfast the President was given a thirty minutes drive before going to the hall. On the way to the great auditorium the President passed through a line of boys and girls who scattered flows upon his pathway. The exercises at the Amphitheatre were very simple. As soon as the President arrived the chorus sang the "Star-spangled Banner." After the assemblage sang the "Star-spangled Banner" the President asked for "Dixie," which was given with a will by the chorus. Bishop John H Vincent, the Chancellor of Chantauqua Institution, introduced the President, who addressed the assemblage. At 12 o'clock noon the President, escorted by the committee, left Chautauqua by trolley for the return trip to Lakewood, where his special train was awaiting him.

New York Stock Market.

New York, Aug. 11.—The work of putting high price in the stocks on pinnacles continued the market feature in the first hour. There was a good deal of shifting from one stock to some other in which speculative prospects seemed brighter. Prices shaded off at the end of the first hour but soon recovered. There was a general demand sufficient to absorb all of offering at slights concessions in prices.

Indictments Returned.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., Aug. 11.—The grand jury which has been investigating the frauds in the recent primary has returned indictments against Chris Manning, J. W. Percivle, Peter Krug, Culbertson Jackson Wise and J. W. Beverlege. The only irregurities were in the second Lee and third Monroe precincts.

Parliament Prorogued.

London, Aug. 11.—Parliament was prorogued this morning after one of the most uneventful sessions of recent years, so far as securing results are concerned. The only bills of importance which the government succeeded in getting through were the aliens bill preventing undesirable immigrants from entering England; the bill for the settlement of the Scotch churches dispute; and the bill granting state assistance to unemployed working men. It is expected that the closing section is the last one at which Premier Balfour will direct legislation in the capacity of Premier. It is anticipated that dissolution of parliament will come in the autumn and that the next time parliament meets for the transaction of legislative business the liberals will be in control.

Suicide.

Expecting to be arrested on the charge of attempting to defraud the Old Dominion Steamship Company, M. White, an old man, who came recently from Salem, W. Va., committed suicide at Smithfield by shooting himself in the head. White recently had a consignment of gooes shipped him at Smithfield, via the Old Dominion Steamship Line, and one of the cases of goods being lost he put in a claim for $1,000, declaring that to be the value of the lost goods, Agent P. W. Powell, of the steamship line, investigated the case, located the goods in Richmond and found them worth only $150. Upon learning that the goods were found and he would be arrested for attempting fraud. White killed himself.

Jonah and the Whale.

St. Petersburg, Aug. 11—In the course of an address made to school teachers at Kiriloff in the government of Novgorod, School Inspector Znamensky asked the teachers if they believed the Bible story in regard to Jonah being swallowed by the whale. Six of the teachers replied that they did not believe the story, whereupon Znamensky demanded that they should assert their belief in the story. "Even if you are told to believe that Jonah swallowed the whale, you must believe it," he said to the teachers. The doubting teachers persisted, however, in expressing their skepticism as to the truth of the story whereupon Znamensky ordered that they should be dismissed.

Preparing to Celebrate Peace.

London, August 11.—The correspondent of the Exchange Telegraph Company at St. Petersburg wires that dispatches from the front say that Field Marshal Oyama and Prince Kanin, the Japanese cavalry commander, accompanied by the American, English and French military attaches with the Japanese army have arrived at Chantufu with the reported object of making preparations in anticipation of the ceremonies which will follow the declaration of peace. The Japanese have repaired the railroad to the north o Chantufu in order to facilitate the expected meeting between Field Marshal Oyama and General Linevitch, the Russian commander-in-chief.

Lost His Watch.

Lakewood, N. Y., Aug. 1.—President Roosevelt's special train was side-tracked at Lakewood at 2:15 this morning after a seven-hours run from Wilkesbarre and at 8:15 a. m., the President and party took trolley to Chautauqua where they had breakfast with the Chautauqua Trustees. During the night one of the secret men guarding the President lost his gold watch and his fellow detectives assert that he was "touched" by some light-fingered operator in the crowds, but he inclines to the belief that it dropped out of his pocket while he was climbing over the rail of the President's car after one of the evening stops.

Bankruptcy Proceedings.

London, Aug. 11.—The public examination of Mrs. James Brown Potter, the actress, in the voluntary bankruptcy proceedings which were instituted was held in court today. Mrs. Potter's liabilities amount to about $120,000 and her assesets are valued at a sum which will leave her about $3,000 after all her debts have been paid. Mrs. Potter explained that her failure was caused by losses in connection with the productions which she presented under her own management at the Savoy theatre. She leased the theatre paying $1,000 a week. None of the productions which were elaborately stage proved successful.

Overcome by Smoke.

New York, Aug. 11.—A score of firemen were overcome by smoke this morning in a fire which destroyed the Soap Factory of Wm. Daggett and Sons, at No. 383 west Twelfth street. Two hundred thousand pounds of soap, fats and alkali made a fierce smoky fire. St. Vincent's Hospital was close by and the surgeons proved handy, for the firemen went down like chaff before the poison-ladened smoke that rose from the blazing soap mixtures. More than a dozen men had to be sent home during the progress of the fire, and scores were temporarily prostrated.

National Rowing Regatta.

Baltimore, Md., Aug. 11.—Clear skies, but choppy water signal the initial day of the National Rowing Regatta. More than two hundred men will contest and fifty seven boats are entered. Canada and the west have strong representatives and hope to wrest the honors from the easterners. A feature of the regatta is the Octopede senior race between New York and Philadelphia. This is the first race of the character to be held in the country.

Robert Wright, aged eighty years, died yesterday at his home near Vienna, in Fairfax county.

Brotherhood of Teamsters.

Philadelphia, Aug. 11.—With four days gone and but little more than half its business done, the convention of the International Brotherhood of Teamsters resumed its sessions in the Eagles' Hall this morning. Yesterday afternoon's meeting, which was expected to wind up most of the reports of committees, was almost disrupted by the demands of Chicago delegates for money for their local unions which are still on strike. After a stormy discussion, in which Mr. Shea, the chairman, prevented a small sized riot only by his threats to adjourn the session, the sum of $8,500 was voted out of the $22,000 which the strike had left in the treasury for the benefit of men who are still idle. Delegates to the convention have been doing considerable missionary work among the non-union teamsters of this city, and last night a meeting was held with the result that more than half a hundred men joined the brotherhood, and plans were made for the organization of local unions of milk-drivers and other teamsters. Steve C. Summer, of Chicago, who will be organizer-in-chief, promised to have the milk men well organized and provided with a charter in a week.

The Taggart Divorce Suit.

Wooster, O., Aug. 11.—Captain Taggart was on the stand today in the divorce proceedings now pending against his wife. Much of his evidence consisted of scenes in connection with the relations between Capt. Bash and the deponent's wife. He also told the part Col. Miner played in disrupting his domestic felicity. Capt. Taggart said:

I knew of associations between Mrs. Taggart and Col. Miner. The next day I heard Mrs. Taggart at my house talking to a lady friend in the next room. She was relating her experience at the dinner party when she sat next to Col. Miner. She said Col. Miner had pinched her leg and it was sore and that when his hands were busy with his eating he rubbed against her. I said nothing, but went out and stayed an hour. When I came back I told Mrs. Taggart I would like to speak to her. I asked her if what she told her lady friend was true. She said it was. She said 'The old fool was drunk.' The young ladies visiting at my house often referred to him as the "leg feeler."

Royal Arcanum.

New Brunswick, N. J., Aug. 11.—The Grand Council of the Royal Arcanum is in session today with State Regent James Rodgers, of Cranford, presiding. About 200 delegates from every subordinate lodge in the State are in attendance. The feature of the morning session was the address of State Regent, who deplored the criticism of the action of the Supreme Council and urged that the matter be discussed intelligently and dispassionately. He reviewed the causes leading up to the increase of rates, and presented tables comparing the old new rates. The state regent is of the opinion that the increased rates made by the Supreme Body is still too low to be scientific. He declared the eventually "scientific rates must be changed or the order will go to the wall." The order to pay all its certificates must collect the full amount of each. Many of the delegates are said to be opposed to the new rates and it is expected that some warm arguments will be made against them this afternoon.

Roosevelt's $4 Suit.

London, Aug. 11.—During the recent hot spell Consul General Wynne appeared at his office in a light suit of clothes. "In America we dress according to the weather," said Mr. Wynne. "I guess you English dress according to the fashion."

"The last time I saw President Roosevelt I wore these same clothes. It was at the White House at Washington, and, of course, the suit was a little free and easy for an official visit. So I apologized.

"'Mr. President,' I said, 'I must make my excuses for appearing before such a great person as yourself and on such an important occasion, in an outfit that cost $6. The President stared at me and then seized my arm. 'How much did you say?' he asked. 'Six dollars, Mr. President.' He burst out laughing. 'Well, I have beaten you,' he cried; I am nearer to the people than you are. This suit of mine cost me only $4!'"

Princess Injured.

Munich, Germany, Aug. 11.—The Prince and Princess Radziwill, who have been touring through this section in their automobile, met with a serious mishap today. Their touring car was overturned and the Princess was severely injured about the head, but the Prince escaped unhurt. The motor car was ruined.

Revolutionary Societies.

Warsaw, Poland, August 11.—The peasants throughout central Russia are assembling in the forests and organizing revolutionary societies. The greatest activity on the part of the police and the local authorities has been insufficient to prevent the holding of such gatherings.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. Accident to Florida Limited.

Southbound passenger train No. 29, known as the Florida Limited, one of the fast passenger trains on the Southern Railway, which left this city about 11:40 yesterday morning, was wrecked at 3:40 o'clock yesterday afternoon just north of the Orange bridge, which crosses the James river from Amherst county, and at the same point where 20 years ago a Pullman car full of passengers went into the river. The train was moving at its usual speed, being on time, and from some cause, at present unknown, the tender jumped the track just before it reached the bridge. The postal, combination baggage and passenger cars and a day coach followed the tender, the day coach being jammed into the end of the bridge, the strong steel beam of which prevented it from going into the river. Another day coach, a Pullman and a dining car, which followed, were also derailed. Engineer Satterfield applied the emergency brakes at once. The passengers were considerably frightened, but no one was injured, although several ladies fainted. A little later they were carried to Lynchburg, and many are at the hotels. The track was blocked all night, and passenger trains of the Southern went over the Chesapeake and Ohio Railroad to South Glasgow; thence over the Norfolk and Western to Basic City; thence over the Chesapeake and Ohio again to Charlottesville, where they took the main line of the Southern.

The fact that no person was hurt by the accident is regarded as miraculous.

Prize Winners.

Yesterday was the closing day of the Staunton Horse Show; the attendance of sportsmen and sightseers was unusually large, and the prizes most liberal.

Home horsemen did well, C. R. Hooff's, jr., three horses capturing four blue ribbons, with strong competition. His horse, "Commonwealth," is being scored by all the judges as practically perfect in conformation, which with his jumping is winning him many blue ribbons. He is one of the finest horses in the state in the hunter class. His "Charity," also, is taking the blue ribbon in the middle weight hunter class and is a big winner. Courtland H. Smith with his hunt club team and fine hounds took the blue ribbon in that class, making a fine showing, scarcely to be beaten anywhere. The Portners have also been doing well in ribbons, notably with "Stolen Kisses" in hunter classes, and "Conflicting Evidence" in racing class, the latter being a steady winner of the blue ribbon in racing. The Portners are popular young sportsmen.

Work of an Incendiary.

Shortly after 12 o'clock last night an attempt was made to set fire to Mr. J. B. Watkins's feed house and the stable of the Alexandria Laundry Company on the south side of the north alley running from Fairfax to Lee street, between King and Prince. It is said that a man was seen running east through the alley at the time the fire was discovered, to make his escape. Everything pointed to the deliberate attempt of the incendiary to start fires in the feed house and the stable at the same time. An alarm was sounded before either of the buildings was materially damaged and the flames were extinguished. Lieutenant Smith and Mr. Eddie Wildt were among the first to reach the scene and they aided materially in checking the fire before it gained dangerous headway. This is the second attempt this week to start fires in this city, an unoccupied frame house on the corner the alley running through the square bounded by Royal, Pitt, Duke and Wolfe streets having been set on fire a few nights ago.

Jewelry Stolen.

A little tin box, containing about $500 worth of jewelry, disappeared in a mysterious manner last Wednesday, from a satchel hidden in a closet in the home of Mrs. C. W. Ridley, at 2032 Sixteenth street northwest Washington. Louis Loose, a florist and son-in-law of Mrs. Ridley, went to police headquarters in that city yesterday and reported the loss, seeking the aid of the police in recovering the valuables. Mr. Loose stated that among the stolen articles was a diamond pin, valued at $250; a brooch, at $75; a diamond ring, at $30; a diamond solitaire ring at $40; a pair of earrings, at $100; a gold ring, at $12, and an initial pin valued at $20. He told the police that in the satchel with the jewelry was an envelope containing $18 in cash, which was not touched.

Negro Vagrants.

The police yesterday evening arrested a number of negroes, men and women, in what is known as Park row, in the square bounded by Fayette, Payne, Cameron and Queen streets. They were charged with vagrancy. This morning half of the gang were fined $5 each and the others dismissed. The prisoners attracted considerable attention as they were marched through the streets. That section of the city is infested by many negro men and women who seem to have nothing to do, and they pass their existence in idleness and debauchery, while laborers are being sought at remunerative wages and at a time when it is almost impossible to procure colored female help in many households.

Colored Excursionists Fight.

There was trouble last night among colored excursionists on their way home from one of the resorts. Both men and women, it is said, fought and continued to do so after the steamer had landed the party at the wharf. Lower King street was the scene of most of the disorders. One woman is reported to have been struck on the head with a bottle. No arrests were made in connection with the disturbance.

Hurt by Falling Chimney.

Mr. Joseph Stewart, who lives on the south side of Wilkes street, near Pitt, was painfully injured yesterday evening by the collapse of a chimney of his house. Mr. Stewart had placed a ladder against it for the purpose of making some repairs when a part of the chimney suddenly collapsed, some of the debris falling upon him.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

John Burnhardt, white, and Dunkins Keley, colored, arrested by Officers Lyles and Nicholson charged with taking certain articles from the new ferry wharf at the foot of King street, were dismissed.

Malvin Diggs, colored, arrested by Officer Sherwood charged with gambling, was fined $2.

George McGee and Tom Ferminiti, arrested by Officer Henderson charged with fighting, were fined $2.50 each.

Eight negroes, male and female, arrested by Officers Roberts, Lyles, Beach, Patterson, Bettis, Nicholson and Mayhugh charged with vagrancy, were fined $5 each. Four others, arrested by the same officers charged with a similar offence, were dismissed.

Luther Robinson and Jennie Robinson, both colored, arrested by Officers Lyles and Allen charged with disorderly conduct and fighting, were fined $5 each.

Charles Jones, colored, arrested by the same officers charged with assaulting Ethel Bolden, was fined $10. The first-named was also fined $5 for gambling.

Harry Jackson, colored, arrested by Officer Young for stealing garments, was fined $5.

The Highway Bridge.

The large pile driver belonging to Carter & Clark has completed the driving of the piling for the improvements at the new part of the navy yard on the Eastern branch, and was yesterday taken to the new Highway bridge across the Potomac to complete the driving of the piles about the fender work for the new structure. This work, it is stated, will be completed within a few days. Work is now going ahead quite rapidly on the iron work, the bridge builders being employed in riveting together the portions of the structure now in place and in placing in position the sidewalks on the shelves on the outside of the upright beams of the bridge. Preparations are being made to build the draw span and the material for the turntable, on which the draw will swing, is now being assembled on the center pier ready to be put together.

Disorderly.

There were several fights last night on an excursion steamer and in the streets of this city after the arrival here of the boat. On the way up the river a young man, it is said, trod upon a lady's dress, when her escort became incensed at the act. A conflict seemed imminent when officers of the boat were about to arrest the young man who appeared to be bent upon mischief. A friend of the young man interfered and the officers announced their intention of placing the friend also in durance vile when a gentleman of this city promised to keep the belligerents quiet and they were released. After the steamer had landed the excursionists at this city there were several fights, one of which took place on King street, between Royal and Pitt.

Prince William Tragedy.

A. J. Ramey shot and killed Lucien Beavers two miles below Brentsville, in Prince William county, at 4 o'clock yesterday afternoon. The shooting was done with a shotgun, the load taking effect in Beavers' arm, and death resulted within a short time. The particulars have not been learned. Ramey is a very quiet and law-abiding citizen, and it is generally thought that the shooting must have been in self-defense.

To Enforce the Law.

Mayor Paff will soon proceed to enforce the city sewer laws. Some years since the City Council passed an ordinance intended to prevent property owners from allowing waste water to flow from their premises on any street along which a sewer is laid. The law has practically been a dead letter, but the Mayor intends hereafter to enforce it and those who contend that it is unconstitutional can test it in the courts if they feel so disposed.

A letter from Lewinsville to the Fairfax Herald says: "We are informed that the rails for the track of the Great Falls and Old Dominion Electric Railroad have arrived, and that the contractor had connected the tracks with those of the Pennsylvania Railroad at Rosslyn, and that the rails are not unloaded there, but being handled by a donkey steam engine, and distributed along the roadbed. The boilers are already in the power house, and things generally along the line look very promising."

Officer Young this morning arrested Harry Jackson, colored, charged with stealing a number of garments belonging to a gentleman of this city. It seems that the owner of the garments sent the darkey to a laundry with the same and after they had been laundered the boy secured the articles and disposed of them. He was fined $5 in the Police Court this morning.

President and Cardinal.

President Roosevelt and Cardinal Gibbons yesterday afternoon were the principal speakers at a meeting of anthracite coal miners and members of the Catholic Total Abstinence Society, held at Wilkesbarre, Pa. Among other things the President said:

"The only effective way to help anybody is to help him help himself.

"No one society can do more to help the wage-worker than such a temperance society as that I am now addressing.

"I strongly believe in trade unions wisely and justly handled, in which the rightful purpose to benefit those connected with them is not accompanied by a desire to do injustice or wrong to others.

"I believe in the work of these great temperance organizations, of all kindred movements, like the Young Men's and Young Woman's Christian Associations—in short, in every movement which strives to help a man by teaching him how to help himself. But most of all, I believe in the efficacy of the man himself striving continually to increase his own self-respect by the way in which he does his duty to himself and to his neighbor."

Cardinal Gibbons spoke upon the honor of labor, stating that many men figuring in American history had risen from the ranks, and the laboring man has the example of Christ, who was a humble carpenter, before him.

OBITUARY.

On Sunday morning, August 5, 1905, from the anguished hearts of mother, father and sister came the sad announcement of the death of SAMUEL SLAUGHTER MAYS. The splendid eulogies by those to whom he was best known indicated the loss of a true and noble type of young manhood. His strong character, incipient at home, permeated his scholastic and brief business life, making for him the admiration of all who knew him. His fellow students at the V. M. I. followed him and ever prided themselves upon his good fellowship and the ennobling characteristics that had won his earlier and loyal friends. His business experience, though limited by his years, will linger as a sweet memory of a most courteous, self-sacrificing and intelligent deportment. When we contemplate our natural love for such a character we are impelled to bow in humble submission to the preter-natural love of Him who delights in such handiwork. Amid the terrible grief of his family and friends there is radiance in the hope of that comforting and assuring promise of reunion. A FRIEND.

France Again Indignant.

German banks participating in a loan of $2,500,000 to the Sultan of Morocco, according to a report circulated on the Boerse in Paris yesterday, are Mendelssohn & Co., Bleichroeder & Co., the Disconto Gesellschaft and the Berliner Hande's Gesellschaft. The loan is regarded as having political as well as financial value for Germany, as it will increase the interests of the empire in Morocco.

The statement that German bankers have advanced a personal loan of $2,500,000 to the Sultan of Morocco, although not confirmed officially, is arousing indignant comment in Paris coming after assurances that the status quo was to remain unaffected until the holding of the international conference. It is pointed out that the legality of the loan is contestable, the position of the Sultan since the last international conference being similar to that of the Khedive of Egypt, Ismail, (who reigned from 1863 to 1879, at the period when the powers intervened for the regulation of Egyptian finances in order to prevent the personal extravagance of the Khedive. Meanwhile, Germany has not yet replied to the last French note regarding the conference. This delay, it is believed, is because Germany is submitting the French proposals to the Sultan before responding to them. According to semi-official advices, the Sultan is showing more and more a marked opposition to the proposed conference and to any consideration of Moroccan reforms.

Applejack in Lemonade.

Jersey applejack poured into a large milk can containing lemonade at a church festival has caused no end of trouble in the hamlet of Annadale, six miles from Somerville, N. J. After drinking freely of the concoction several young men and women performed strange antics at the festival, which shocked the staid old men and women of the village. Just who injected the applejack into the lemonade is a mystery which the church committee in charge of the festival has been trying to solve ever since the affair happened, a week ago. At first there was an attempt to keep it quiet, but the fact that several young women of the community of high moral character performed a skirt dance and did some high kicking on the church lawn, while others became hysterical and ill from the effects of the mixed drink was more than the church committee could stand for, so it has been industriously at work trying to run down the culprits who doctored the lemonade, and it is reported that several arrests will soon be made that will give the community another shock.

CANDIDATES.

Alexandria, Va., July 19, 1905.

TO MY FELLOW CITIZENS OF ALEXANDRIA CITY AND COUNTY:

I beg to announce that I will be a candidate for the House of Delegates for the city and county of Alexandria subject to nomination by the democratic primary. It is well known to my fellow citizens that I was an aspirant for the honor of lieutenant-governor of Virginia, and that for reasons already made known to the public I felt constrained to retire from that contest. When I did so I had no intention of becoming a candidate for renomination and re-election to the House of Delegates, until urged upon me by a large number of my fellow citizens of the city and county of Alexandria, whose wishes and friendship I felt under obligations to regard. After mature consideration and yielding to what I believe to be the wish of a large body of my fellow citizens and friends representing every interest in the community, I have concluded to stand for re-nomination and re-election. I have been twice honored with the election by my people as their representative in the General Assembly of Virginia, and trust that my past record in that body will be to them a pledge and assurance of my future conduct should it be their pleasure to return me to this post of honor. In the event of my nomination and election I pledge myself faithfully to guard and defend every interest of the city and county in which I have spent my life and in which are centered all my affections and interests. I respectfully solicit the endorsement and support of the people whom I have represented to the best of my ability in the two last General Assemblies of Virginia. Very respectfully,
